**ABORTION**

We are planning our annual benefit banquet and were wondering if Governor Greitens would be available to be our keynote speaker at the event. Every year, we hold an annual banquet and have a special keynote speaker. We are so appreciative of Governor Greitens being an advocate for ALL lives, including the unborn. Last year, former US Attorney General John Ashcroft was our keynote. I understand this event may be very difficult to do with his schedule but wanted to at least ask. The banquet is Tuesday, October 10th at 6:30 in Bolivar. Thank you for your time!
